- Optional mounting kit for display hardware
- Smoked Perspex lockable doors
- Ease of access for maintenance and support
- Flexible configuration with lockdown castors
- Supports larger flat panel displays
- Rear access lockable compartment

Bringing People and technology together

TeamMate®

The TeamMate Credenza is a fully manoeuvrable unit designed for neat storage and access of multimedia equipment in the business environment. Available in a choice of single, dual, or triple 14U equipment bays with smoked lockable front doors for security and ease of equipment placement. A choice of worktop finishes enables the Credenza to blend with existing interiors. There is also an option to mount a single or double screen display above the unit. Finished in silver and stainless steel this unit provides the premium solution for many meeting room environments and is fast becoming a contemporary alternative to more common place dated storage systems.
